As an update, I just completed the call with DOE and Tennessee and delivered the message consistent with our discussion on Wednesday.

As an aside, immediately prior to the call Jay forwarded the attached email and MOU. My staff is reviewing and will be discussing with your staff.

Thanks for all of your support and involvement.

Trey

Trey, in an effort to get this impasse resolved, I would appreciate you considering working out a framework between OREM and Region 4 similar to the attached NRC/EPA framework. If we could get something similar in place (at least for the radionuclides), I think we could resolve the dispute and avoid a national issue at the EPA/DOE HQ level. Please let me know your thoughts once you have had a chance to review.

Best Regards,
Jay
